Extra Session of the Senate.

Spain's Reply Not Entirely Satisfactory to McKinley.

Peace Terms Are Not Precisely Those Laid Down by the President.

WASHINGTON, Aug. 10.—A meeting was arranged between Secretary Day and the French ambassador this morning, to consider certain details of the Spanish reply which were left open from yesterday's conference.

Secretary Day made the following statement to the press: "We have agreed upon a protocol, embodying the proposed terms for the negotiation of the treaty on peace, including the evacuation of Cuba and Porto Rico. It is expected the protocol will be executed. It can be positively stated the terms are precisely those laid down by the president in his original note to Spain. It is believed that nothing but a few formalities remain to secure signature of protocol."

WASHINGTON, Aug. 10.—The answer of Spain to the terms of peace was not entirely satisfactory to this government and further negotiations are in progress today. The definite result in the way of the probable complete acceptance are not looked for before tomorrow night, said a prominent official who participated in the conferences and said:

"The answer was not explicit enough but we are hopeful of good result."
"Are further negotiations then necessary?"
"Yes, but we look for something definite tomorrow."

Beyond this, no member of the cabinet was willing to go. The president and Secretary Day are exerting every effort to prevent the news of the progress of peace negotiations transpiring until definite results could be announced.

Today several members of the cabinet were in conference with the president regarding the situation. The plainest evidence that peace had not yet come is the admission practically of officials that the negotiations were still in progress, this added to the fact that the utmost secrecy is imposed on all by the president.

The members of the cabinet believe that by Friday morning, and probably before, the definite peace outcome will be assured beyond all doubt.

It was understood that Cambon would transmit to Spain today a cablegram stating that the complete and immediate acceptance of the terms imposed, without reservation would be essential to effect peace. In this connection it has developed that just before the Spanish answer was delivered yesterday, McKinley announced that an extra session of the senate would be held in November.

The discussion has again started as to convening an extra session, but President McKinley has within the past 24 hours, said positively that he had no intention of calling the house together, though the senate will have to meet in extra session to ratify the treaty of peace.

New Department.

CHICAGO, Aug. 10.—A special to the Tribune from Washington says:

President McKinley has decided to establish a military department in Cuba. For the present the territory embraced within this command will be that territory wrested from Tora's forces. The command will be known as the military department of Santiago, and it is the intention of the war department to detail as commanding general, General A. R. Chaffee.

The tender of the place has been made to him, and it is expected he will accept. Chaffee was lieutenant-colonel of the Third cavalry and on duty at Fort Riley, Kan., when the war broke out. He was made a brigadier-general of volunteers, and on July 8 was commissioned a major.

general for gallantry in Cuba. He is an Ohio man who has served as a private in the Sixth United States cavalry for two years during the Civil war.

The Ceruti Claim.

KINGSTON, Jamaica, Aug. 10.—A dispatch received from Cartagena, Colombia, says the reason of the Colombian government delaying its note replying to Italy's demand for a settlement of the Ceruti claim is apprehension of a popular revolutionary movement, which it is endeavoring to frustrate. Popular opinion, the dispatch adds, strongly opposes the claim, and denounces President Cleveland's award. The political malcontents there are making capital of the situation, and several arrests have already been made at Bogota, but the chief leaders of the revolutionary party have evaded arrest.

The Italian admiral, the dispatch adds, is endeavoring to facilitate the efforts of Colombia, recognizing its sincerity of purpose and the necessity of delay.

ARKANSAS LYNCHING.

Three Men and One Woman Lynched at Clarendon.

Hundreds of Citizens Assembled and Viewed the Growsome Sight.

ST. LOUIS, Aug. 10.—A special to the Post Dispatch gives details of the lynching at Clarendon, Ark. About midnight a mob of about two hundred men assembled and took from the county jail the four negroes implicated in the assassination of John T. Orr, and hanged them to the tramway in the rear of the jail. The persons hanged were: Will Sanders, who fired the shot that killed Orr; Billa Weaver, mother of Sanders; Dennis Record and Manse Castle.

Mrs. Orr, wife of the murdered man, was in jail when the mob entered. She had taken something with suicidal intent and was very ill. If she recovers it is stated the mob will hang her. Last night only the jailer and two deputies were in charge at the jail.

They made an earnest effort to prevent the mob from taking the prisoners. The crowd hesitated a moment, then forced the outer doors and unlocked the doors to cells. Today great crowds viewed the gruesome sight of a woman and three men dangling six feet from ground.

Criminal Negligence.
NEW YORK, Aug. 10.—A dispatch to the World from Halifax, N. S., says:

Undertaker John Snow, who accompanied the steamer Hiawatha on her mission in search of bodies of victims of La Bourgoigne disaster, stated to the World correspondent that some of the bodies showed evidences of having been alive in the water for two days at least, and that the body of one woman showed that she must have lived four days after the sinking of the ship. Many of the victims, he thinks, caught pieces of wood and other wreckage and their life gradually ebbed away in the vain hope of being rescued.

He now thinks that if the French liner company had immediately sent out a vessel from Halifax upon receipt of the news some of the (unfortunate) might have been rescued alive.

Body of an Unknown Man Found.
ASTORIA, Or., Aug. 10.—The body of a man was found floating in the river opposite the O. R. & N. Co.'s dock Tuesday morning, and was taken to the morgue by Coroner Pohl. From appearances the body had been in the water for several days. The corpse is that of a man of about 40 years. The morning is good, and indicates that the deceased was not in want. On the body was found an express receipt for a package shipped by J. H. Hallack to Pillar Rock. This is the only thing which might lead to identification. The coroner has made inquiries at Pillar Rock, but has yet received no answer.
